

Foreword

As guest editor I would like to express my gratitude to the editorial board of *Études helléniques/Hellenic Studies* for devoting this issue to the modern Greek contribution to the study of Thucydides. In addition, I would like to thank the contributors to the volume. The late Panayiotis Kondylis, an important political realist of modern Greece, had also been invited to contribute to the present volume, but his untimely demise unfortunately prevented him from sharing his insights on the impact that Thucydides exercised on Hobbes. This volume is devoted to his memory.
